# Bus models

What the committed TDX pull does and does not publish about bus vehicle models.

The committed TDX bus operator and route pull contains no vehicle-model roster, fleet count or model-to-operator field <sup>[1]</sup>.

No bus model page is published from an unverified appendix or an enthusiast fleet list. A model index will become sourceable when an operator or government fleet register is fetched in full <sup>[1]</sup>.

Current status: fleet models TBC for all 61 TDX operator records <sup>[1]</sup>.

## References
