180 TDX stations • JSON

This download contains only the 180 TDX-backed records. The 12 primary-sourced Sanying records appear on this page and their station pages but are kept out of a file distributed under the TDX licence. Structure — elevated or underground — is deliberately excluded from the TDX export because the platform does not publish it.

Taiwan government open data, published by MOTC under the **Open Government Data Licence** [<https://data.gov.tw/licenses>]. Free to use, adapt and redistribute, including commercially, with attribution to the source. See **provenance** [</data/provenance/>].

An independent, non-commercial reference site. Not affiliated with Taipei Rapid Transit Corporation, Taipei City Government, or any bus operator. Line colours are the official values published by each operator through Taiwan MOTC's open data platform. **About this site.**

Station names, codes and sequence from TDX Transport Data eXchange, Ministry of Transportation and Communications, operators TRTC, NTMC, and TYMC. Government open data.
