New Taipei bus routes

New Taipei routes grouped by the official Department of Transportation route-type datasets.

The committed TDX layer contains 562 New Taipei route identities in this municipality group.^[1] New Taipei Department of Transportation route-type datasets provide seven stable browse subgroups: General buses (217), Rapid buses (57), MRT pioneer buses (2), New Bus community services (207), Event shuttles (4), Jump-frog commuter buses (70), Light-rail feeder routes (5).^[3] ^[4] ^[5] ^[6] ^[7] ^[8] ^[9] ^[10]

The group page lists those subgroups in size order, opening the first and leaving the rest closed, and retains every route at the municipality-scoped URL `/bus/routes/new-taipei/<slug>/`.^[1] That path includes the municipality group, so a numeric collision with a Taipei route cannot overwrite or masquerade as the other record.^[1]

The full current New Taipei route-service dataset was fetched and joined by exact route name.^[2] Missing current rows stay TBC on their route pages; no related route is used as a proxy.^[2]

General buses

217 routes ^

Routes filed in the official general-bus dataset.
