

Lines

Kaohsiung Metro Red and Orange Lines, the Circular Light Rail and the under-construction Yellow Line, with source-specific route and station boundaries.

The Kaohsiung line index keeps three published route identities visible: the TDX Red Line, the TDX Orange Line and the operator/government Circular Light Rail.^{[1] [4] [7]} TDX supplies the two metro line records and directional route records, while the operator and government pages supply the LRT's station list, alignment description and length.^{[2] [7]}

The Red and Orange pages show the TDX route-length fields beside the government project values. The Red Line is 29.72 km in the TDX route record and 28.3 km in the government project description; the Orange Line is 13.12 km and 14.4 km respectively.^[2]^[6] These are conflicts published as conflicts, not values silently reconciled into one number.^{[2] [6]}

The Circular Light Rail is described by the government as 22.1 km, surface light rail and 38 stations.^[7] Its page has an explicit station list including C21A and C21 as separate codes, which the guide preserves.^[7] The operator's English guide map supplies the English names used by the line and station pages.^[4]

A line page is therefore a source map as much as a route summary. It tells the reader which facts came from TDX, which came from the government's project page and which came from the operator's station publication.^{[1] [6] [7]} Service frequencies, construction chronology, signalling, power and fleet history are not inferred from the station sequence and remain TBC until their primary records are transcribed.^{[3] [5]}

The under-construction Yellow Line `[/rail/krtc/lines/yellow-line/]` sits outside the TDX boundary entirely — it has no operating dataset yet, so its page rests on the government's own route, planning and construction-progress pages instead: a full station table of provisional names, a construction budget revised sharply upward between the comprehensive and revised plans, and several contract packages each tracked to a different construction stage.

4 entries

Red Line

紅線

Red Line (紅線) — 25 TDX-ordered stations with a sourced construction, opening and north-extension chronology.

Orange Line

橘線

Orange Line (橘線) — 14 TDX-ordered stations, with route-length values published from both TDX and the Kaohsiung government project page.

Circular Light Rail

C 環狀輕軌

Kaohsiung's 22.1 km Circular Light Rail, whose second phase was delayed by route and streetscape disputes before the 38-station loop opened in 2024.

Yellow Line

Yellow Line (黃線) — 23 provisionally-named stations, a construction budget revised 64% upward in 2025, and six contract packages tracked to their current status.
