Lines

The gondola itself — route, stations, cabins and the T16 incident history.

1 entry

Maokong Gondola

Taipei's first cable car and Taiwan's longest — a TRTC-family ropeway whose T16 tower was undermined by a 2008 typhoon, investigated by the Control Yuan, and rebuilt 30 metres from where it stood.

An independent, non-commercial reference site. Not affiliated with any transit operator or government body in Taiwan. Line colours are the official values published by each operator through Taiwan MOTC's open data platform. [About this site.](#)

Station names, codes and sequence from TDX Transport Data eXchange, Ministry of Transportation and Communications, operators TRTC, NTMC, TYMC, and TMRT. Government open data. Retrieved 2026-08-24; source last updated 2016-11-23. The 12 Sanying station records absent from TDX are sourced directly to New Taipei Metro and government publications on their pages. Provenance.
